

DECLARATION

This declaration shall serve to establish the production, by Anthony M. Discenza (herein the Artist), effective upon the date of execution of this document, of a unique artwork, entitled *Intention Piece No. 1* (hereinafter THE WORK); and shall additionally establish that this artwork shall consist solely of the Artist's intention that THE WORK shall exist.

As the sole author, originator, and producer of THE WORK, the Artist hereby declares that existence of THE WORK shall require nothing other than the presence of the Artist's intention that THE WORK does in fact exist; and further declares that THE WORK shall consist *solely and entirely* of the Artist's determination that a work has been produced as a result of this intention. As such, THE WORK has no physical existence whatsoever, though for the sake of convenience it may be considered to "reside" in proximity to any location in which the Artist's intention regarding THE WORK's existence has been communicated, either by the posting of this document or by any other available means.

Given both the nature of THE WORK and the circumstances of its production, the Artist hereby declares that THE WORK may not be sold, transferred, licensed, assigned, and/or exchanged in any manner (although the Artist acknowledges that this document itself is not subject to any similar restrictions). However, it is the Artist's intention that this document shall in no way be considered a component of THE WORK, nor shall it in any way be considered integral or essential to THE WORK's existence, but is to be made available solely for the purpose of making apprehensible both the existence of THE WORK and the Artist's intention regarding it. As such, this document shall serve as the only means of external verification of THE WORK's existence by anyone other than the Artist.

While THE WORK shall be considered a wholly autonomous creation by the Artist and is in no way reliant upon this document for its existence, the Artist acknowledges that, absent this document, there exists no reasonable means with which to verify the existence of THE WORK by any entity other than himself. Accordingly, this document may be freely copied and/or distributed by any individual desiring to do so.
